

Business Start-Up Package

Starting a business can be a big project and the 'to do list' to get your business off the ground can be overwhelming, that is where ELS Accountants can help ease the burden.

We can tailor a Business Start-Up Program for you and your vision including

- **Business Structure** – Assistance with setting up a company and registering a business name, GST and/or PAYG Withholding? We can recommend the best structure for your circumstances for tax and asset protection. We can organise the correct registrations with the ATO, ASIC and ABR and quote a price to include all government charges
- **Employees & Wages** - Is your business going to be hiring additional people? Allow ELS Accountants to assist and educate your business on the correct tax, insurances, superannuation and record keeping that will make onboarding 1 to 100 employees for your business an easy and documented process.
- **Bookkeeping** - record keeping, invoicing and GST calculations can take up a lot of a business owner's time. Allow ELS Accountants to show you time efficient and easy ways to ensure you are spending your time working on your business and not on book work

ELS Accountants can assist your business in a number of ways to ensure you maximise your time working on your business. Allow us to help you reach your goals and have up to date financial information for you to make the best decisions for you and your business. Prices start from \$165 per month – A detailed quote and fee structure will be provided before any work is undertaken.
